

**WORLD**  
CONSTRUCTION & DESIGN

*Building Our Communities*

# Welcome to World Construction & Design

World Construction and Design was founded by Giovanni Nino in 2008 and has proudly been serving Florida since then. Mr. Nino has over 10 years of experience in the construction business as supervisor, constructor, and project manager. The company now focuses on all major construction disciplines, from site work to interior building finishes. World Construction and Design holds a Florida license in excellent standing.

**Founded in 2008**

# We Building Everything That You Needed

We specialize in all construction projects, residential to commercial. With over a decade of experience in Central Florida, our skilled team delivers exceptional workmanship, earning us a reputation as a premier contractor. We're fully licensed, insured, and bonded, providing peace of mind to our clients.

2008

2023

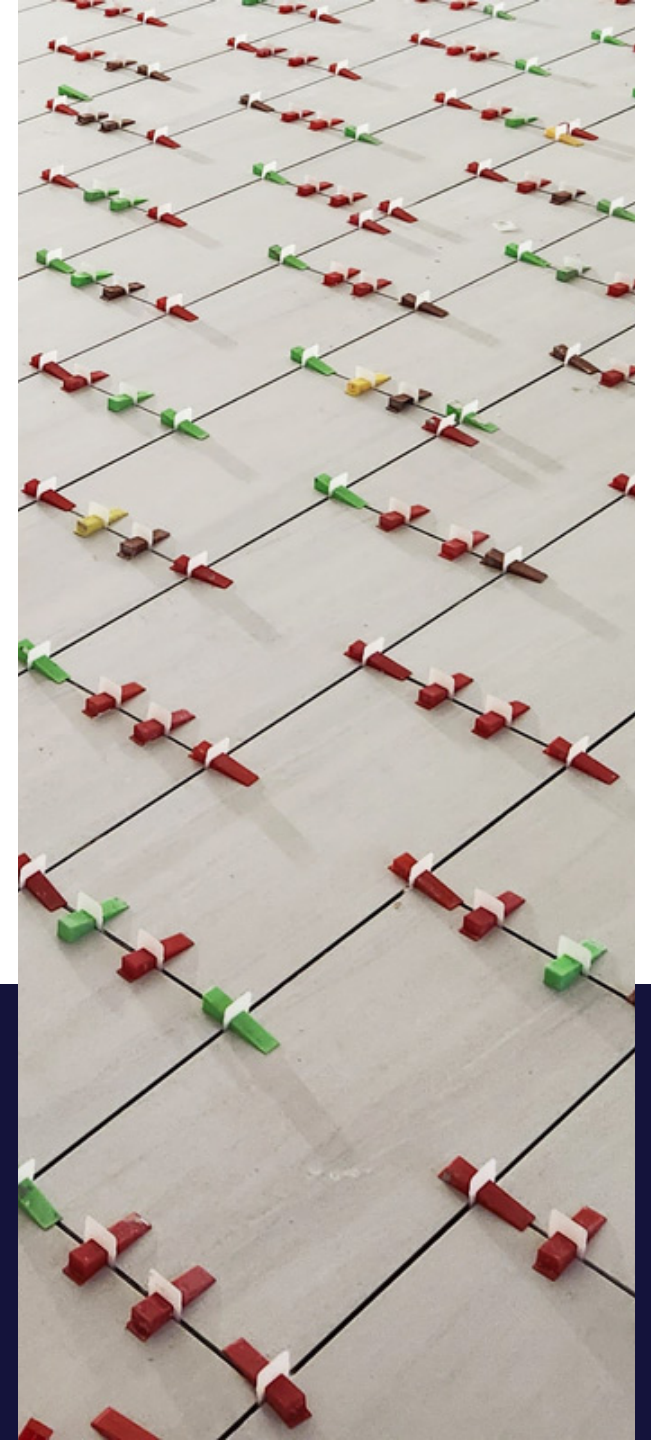

## Mission

We are focused on building lasting relationships by practicing integrity and honesty in our dealings with all employees, clients, vendors, and partners.

We are committed to exceeding expectations by providing the highest level of professionalism, safety, service response, and quality workmanship. We take pride in our accomplishments and reputation, and will continue to build on this success.

We pride on using the best materials and craftsmanship to satisfy our costumers' unique needs, provide guaranteed impeccable services, and establish durable business relationships.

# Why Choose Us?

**World Construction & Design has earned its reputation as a premier general contractor by making integrity, commitment, performance, service and safety part of every job, every day. This kind of commitment keeps projects on time and within budget.**

- New construction
- Renovations
- Interior and exterior metal finish
- Interior and exterior sheeting
- Exterior metal framing
- Metal trusses
- Metal roof paneling
- Dry wall finish and repair
- Interior and exterior painting renovation

## Residential

In response to growing housing demands, our teams focus on building high-quality facilities, including custom homes, condominiums, and more.

## Commercial

With a primary focus on optimizing your financial results. We excel in tailoring customized interior designs, tackling intricate renovations, expansions, and executing high-rise construction projects on compact sites, included mixed-use purposes.

## Pre-Construction

Before we begin work on a project, we go above and beyond to understand the scope, your budget, your needs, expectations and figure out ways to save you money while delivering the best project we can build.

## Renovations

At our company, we value each project as much as you do. In a meticulous reform, we prioritize your needs and your vision. We are fully prepared to ensure the successful completion of your project by providing excellence, creativity, effective communication, and the utmost attention to detail.
